## **JAKOTA Index Portfolios Inc. Partners with Swiss Licensed Asset Manager Smartprofit Finder AG to Launch AMC Jakota Semicon Investment Certificate**

**April 25, 2024, New York - Zurich** – [JAKOTA Index Portfolios Inc.](#), a New York based financial media company and index provider servicing the JAKOTA region (Japan, South Korea, Taiwan) has partnered with [Smartprofit Finder AG](#), a Swiss investment management company, to serve as the index provider to the SIX Swiss Exchange listed [AMC Jakota Semicon](#) investment certificate (ISIN: CH1316795025).

AMC Jakota Semicon (*AMC* stands for Actively Managed Certificate) is an innovative financial product aimed to leverage the dynamic growth of Asia's semiconductor sector. In a nutshell, it is an actively managed investment fund based on the JAKOTA Semicon 75 Index. AMC has an ISIN and is available for qualified professional investors worldwide, subject to local capital market regulation.

JAKOTA Index Portfolios provides Smartprofit Finder with data and benchmarking services for AMC Jakota Semicon and has also licensed its trademark for use in marketing of the instrument.

“The semiconductor industry is at the heart of technological innovation and geopolitical strategy in Asia,” commented Katarzyna Lomnicka, CEO of Smartprofit Finder AG. “Our new investment certificate is designed to capture the growth of this crucial industry by adhering to a disciplined investment strategy, emphasizing established companies with robust financials and strong market positions.”

JAKOTA Index Portfolios owns and operates [jakotaindex.com](http://jakotaindex.com), a platform which aggregates market data, along with proprietary JAKOTA equity indices series and research, to provide coverage of stocks, sectors, and economies within the JAKOTA region. JAKOTA Index Portfolios licenses its various investable indices tracking JAKOTA capital markets to investment firms around the world.

“This is our second index licensing deal this year. We are happy to see a lot of good response to our efforts to deliver the best-in-class data and content on Jakota region,” commented Ms. Motoko Yorozu, Managing Director of JAKOTA Index Portfolios. “JAKOTA Index Portfolios will continue working on directing international capital allocations to the JAKOTA region through a variety of products and instruments, now including JAKOTA Semicon AMC”, added Ms. Yorozu.

JAKOTA Index Portfolios extends an array of professional services associated with the development, computation, and licensing of its indices. In January 2024, JAKOTA Index Portfolios has partnered with Content Technologies Inc., a Seoul headquartered investment firm that manages one of the largest music rights libraries in Asia and makes investments in a variety of high growth music ventures in Asia, to sponsor and serve as the index provider to the NYSE Arca-listed [JAKOTA K-Pop and Korean Entertainment ETF](#).
